

## Swing Bed – Making the Transition from Hospital to Home!

When a patient no longer needs acute medical care, but isn't quite able to go home, a transitional program (Swing Bed) may be available.

The patient stays in the same area of the hospital but is encouraged and expected to participate in activities of daily living. Prowers Medical Center also accepts Swing Bed referrals from other facilities to ensure that our community members can receive rehabilitative services in the comfort of their hometown.

**For more information about our Swing Bed program, contact our Case Management Team at 719-336-6742.**

## Ovation Healthcare Board Certification Silver Award

Thank you to our board members for their participation in the Ovation Healthcare Board Certification continuing board education.

## Bringing Health Services Home

There's no better place than home for healing — whether you're recovering from an illness, injury, or surgery, or simply need support with medication management to remain safely at home.

Our fully licensed and credentialed staff provide compassionate care for individuals of all ages. Services may include physical and speech therapy, medication evaluation and management, diabetes wound care. If you believe Home Health services may be right for you or a loved one, please ask your discharge nurse to contact our department at 719-336-6881.

## We Appreciate our Healthcare Providers – Doctors' Day March 30

**Join us!** Our next Community Advisory Stakeholder Engagement (CASE) meeting will take place on **May 22**, noon - 1 pm, at the Cultural Events Center, 102 E. Parmenter Street. Lunch will be provided.

Your Place for Complete, Compassionate Care
